

COLBOR BL65 Collapsible Lantern Softbox

Ideal for use overhead or to raise the ambient illumination level, like for portrait half-fill lighting, the 25.5" (65cm) diameter Collapsible Lantern Softbox from COLBOR is built with durable materials and has accessories such as an optional skirt soft omni-directional light. The Lantern has a Bowens mount that fits COLBOR lights such as the CL60, CL60M, CL60R, CL100X and CL100XM, and also compatible with many other lights that use this popular mount.

Benefits:

Beam spread for soft omni-directional light quality

Widely compatible with Bowens mount

Fast, easy-handle setup

Optional skirts for beam spread control
